

# HOW TO MAKE A SANTA PLATE

Find the template or one of the pictures to use as your guide

Draw a triangle out of the A4 red paper & cut it out.

Cut the top of a plate off & put this on your red triangle in the middle to make the face. The red at the top is the hat and the red at the bottom is the body.

On the paper plate stick on a moustache, a nose and draw on some eyes.

And don't forget to put a piece of cotton wool on top of the hat.
